BUCKEYE

BALANCED NUTRITION

Determine Your Horse's Daily BNUs:

of the BNU.

or a weight tape.

necessary to feed per day.

the desired body condition is reached.

FOR HORSES OF ALL LIFE STAGES

1) Determine the age and life stage (growing, reproductive status or performance level) of your horse. This can be found along the bottom

2) Determine the current body weight of your horse using a scale

3) Use the age and life stage along with the current body weight to plot the location on the BNU Chart with a dot for each horse. The corresponding number refers to the minimum number of BNUs

4) If more calories are needed, gradually increase the amount of your BUCKEYE[™] Nutrition horse feed and/or add ULTIMATE FINISH[™] until

SOLUTIONS GUIDE

WHAT IS A BUCKEYE NUTRITIONAL UNIT (BNU)?

A BNU is a measurement to ensure your horse is getting the proper balance of vitamins, minerals and amino acids. The BNU conversion will ensure you are delivering the correct amount of essential nutrients just as if you were feeding GRO 'N WIN[™] alone.

Example: Five pounds of SAFE 'N EASY[™] Pelleted will deliver the same amount of nutrients in one pound of GRO 'N WIN. The BNU conversion is 5 to 1.

BNU CONVERSIONS*	
Product	LB per BNU
GRO 'N WIN	1.0
GRO 'N WIN Alfa	1.0
Senior Balancer	1.0
EQ8™ Gut Health	3.0
EQ8 Senior	3.0
Growth Pelleted	3.0
Growth Textured Sweet	3.0
SAFE 'N EASY Pelleted	5.0
SAFE 'N EASY Textured	5.0
SAFE 'N EASY Senior	5.0
SAFE 'N EASY Complete	10.0
SAFE 'N EASY Performance	5.0
Pleasure Pelleted	7.0
Pleasure Sweet	7.0
CADENCE™	3.0
CADENCE ULTRA	3.0
RACE 'N WIN™	3.0
TRIFECTA™	3.0
PROMINENT™	3.0
SUPREME [™] 14	3.0

Suggested BNUs provide vitamins and minerals in at least 1 lb of GRO 'N WIN, but the comparison is NOT exact. Contact us for more detailed and specific dietary recommendations.
